Instructions for Pizza Blast

One night, Monday seems to work well, we will have a special service for the youth. (Grades 7 and up) Be sure and stress that the younger children are not included in this event. While the younger ones will desire to attend, I will be sharing things that are intended for teenagers.

Here are some suggestions that will aid in planning this event.

1. Promotion is the key . . . begin announcing several weeks before, print flyers and mail reminder cards to your teens the week prior. Your Youth Pastor should print up “Free Pizza” tickets and distribute them in large quantities to those teens that are active in your church. The teens in turn take the tickets to school and pass them out to students. (Make sure that the ticket has all the information about what time, where the church is located, etc.)

2. A card should be mailed to each teen in this age group who is enrolled in Sunday School as well as those who are prospects. PLEASE MAIL THE CARDS! If you hand them out in Sunday School, you will miss over half of those you are trying to reach.

3. Your Youth Pastor should be responsible for making arrangements for ordering pizza (it is better to have more than not enough!), having it delivered on time, having drinks and everything else needed.

4. Please reserve a section near the front for the youth to sit during the service.

5. Please give youth, parents, and guest a special invitation and instructions for using the reserved seating for the service during the supper.

   I am excited about joining you in this venture to reach teenagers for Christ. Thank you for your help with this service. Begin to pray now that we will see many young people saved this night and those who are already saved will fall deeper in love with Jesus and get more committed.

   Sincerely His,

   Brian Fossett
